### Topic Selection Questionnaire

1

\*

What is the status of your project?

☐ I have a project done

☐ I have a project starting or going on

☒ I don't have a project and need a topic for one

2

If you already have a project completed or ongoing, who is its supervisor and what is its topic?

No, I am not having a project yet

3

If you don't already have a project, please list at least top five topic numbers from the provided list in your order of preference, separated by commas, e.g.: 72, 1, 45, 6, 37, 10

7,10,4,18,16,20,17

4

If you need a topic, please specify the months when you plan to be actively working on the project and/or the date by which you plan to get your work finished, e.g.: October-January or 31.12.2023.

1.2.2024-31.5.2024 (half of 3rd period to the end of 5th period)

5

Other information concerning e.g. working alone or preferred group members.

I would love to work alone. The credits workload I prefer should be 5. However, working in a group of 2 with another student is perfectly fine to me as well. I also expect that the workload is strictly equal to 5 credits or 10 credits (no significant overwork than the required credits)
